04109 Leipzig

March 6, 2012

Dear President of Leipzig University Prof. Dr. med. Beate A. Schücking,

On behalf of Dongseo University in Korea, I would like to express what an honor it is to have an opportunity for international cooperation with the world-famous and prestigious Leipzig University in Germany.

As part of the academic exchange between our two universities, Professor Dr. med. Augustinus Bader was appointed as an Honorary Professor (Prof. h.c.) at Dongseo University in March, 2012.

I am confident that Prof. Dr. med. Augustinus Bader's visit to Dongseo University will help to promote our Masters Joint Degree Project as well as other International Research and Development Projects. Furthermore, I believe that his visit will establish networks and strengthen foundations upon which future international exchange between Leipzig University and Dongseo University may be based.

I pray for the continued success of your university, and I hope that in future our cooperation will build a close working relationship.

Dr. Jekuk Chang
President, Dongseo University
Republic of Korea
